

## READY TO PUSH FURNACE SALES

Rock Island Stove Company Has Heating Device Which Is Different.

Preparations are being made by the Rock Island Stove company to push the sale of a new type of furnace with which it has been experimenting for more than two years. It bears the name "Riverside," under which the stove made by the concern have become popular throughout the country. Furnaces of this type are now in use in 19 states. Quite a number have been sold, especially in and near Rock Island, but no aggressive selling campaign has been undertaken till all details were perfected. If the demand proves what is hoped extensions of the plant may eventually be necessary.

The furnace is described as of the "warm air" hot blast type. The Rock Island company holds patents on a number of features. No other like it is on the market. It is designed to burn any fuel. The parts are all cast. The sides of the ash pit are utilized as heating surfaces.

The feature of the furnace on which special emphasis will be laid, however, is the large amount of radiating surface. The furnace with a 24-inch fire pot will have a casing 52 inches in diameter, being considerably larger than the ordinary heating plant. Where the average furnace has but 450 square inches of air space the Riverside has 780 square inches.

This insures the circulation of a larger volume of air and prevents overheating. At the same time it improves ventilation of buildings and gives a better distribution of heat.

## BOY SCOUTS HOLD A BUSINESS MEETING

The Eagle patrol of Boy Scouts met last evening at the home of William McCombs, 842 Nineteenth street. After several business matters had been disposed of, the gathering was addressed by H. M. Craig, boys' secretary of the Y. M. C. A. Lawrence Lledig also made a short talk. Preliminary arrangements for the Boy Scouts exhibition, to be held at the "Y." within the next two weeks were discussed, also coming "bikes" for the summer. After the business session, refreshments were served and a social hour indulged in. The next meeting will be held Wednesday at the home of Roland Haines, 1920 Fourteenth-and-a-half street.

## STEAM SHOVEL IN USE ON THE DART EXCAVATION

The work of tearing down the old Dart warehouse on First avenue is progressing rapidly, and but one story of the structure remained this morning. Collins Bros., who have the contract for the new building, moved a steam shovel to the scene yesterday afternoon, and the excavating on the Nineteenth street side is well under way. The steam shovel is making the progress of 20 men. The ground at this spot is filled with old planks and other rubbish.

## TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months The Argus readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

Mrs. W. A. Pannell, 306 Fourth street, Rock Island, Ill., says: "I think just as much of Doan's Kidney Pills as ever. I am willing to confirm the testimonials I gave in their praise in 1909. Nearly every member of my family has used Doan's Kidney Pills and we consider them excellent for kidney trouble. We procured our supply of this remedy at the Harper House pharmacy and have been convinced of their merits."

"When Your Back Is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Pannell had—the remedy backed by home testimony. Fifty cents all stores. Foster-Milburn company, proprietors, Buffalo, N. Y.—(Advertisement.)

## DAVE LEWIS IN "SEPTEMBER MORN"

Dave Lewis and the entire original cast, as seen for months in Chicago, will present the musical comedy, "September Morn," at the Illinois next Friday.

## The Theatre

**THE ILLINOIS.**  
April 14—"The Girl from Maxims."  
April 17—Dave Lewis, Minerva Coverdale, Frances Kennedy in Rowland and Clifford's production of "September Morn."  
April 21—"The Jacklins."  
April 22—Song recital under auspices of Villa de Chantal.  
April 28—William Hodge in "The Road to Happiness."

**AT THE ILLINOIS**  
Dainty Eva Mull and "The Girls from Maxims" will be the offering at the Illinois next Tuesday evening, presenting all that is new, novel and sensational in vaudeville and burlesque. The company has played all the large cities of the country and has made a hit everywhere. It is a two act comedy, depicting night life in New York. It is replete with catchy musical numbers, gorgeous costumes and magnificent scenery and electrical effects. The chorus includes 30 pretty girls who sing and dance in a most delightful manner. The principals include Miss Mull, Anna Yale, Helen Gilbert, Alice Douglas, Frances Keith, Fred Russell, Bert Weston, Bob Harrington, Eddie Wynn, Frank Reynolds and James McCabe. In all the cast numbers 50 men and women. In the vaudeville portion are Weston and Keith, the taxi-tangos; Harrington and Russell in a sketch, and Eva Mull and company in a one act play "The Little Rebel," a scene from the south during the war. As an added feature will be seen Robert Fitzsimmons and his son Robert, Jr. The Cornishman, former champion of the world, and the boy, who is looked upon as the coming champion, will box three rounds. Fitz will also do a monologue.

One of the newest of musical farcical shows is a brisk, merry affair which the thoughtful author calls "September Morn," and serves delightfully to entertain him or her that may be in search of real, live amusement. The producers, Rowland & Clifford, who have a long string of theatrical successes to their credit, have given their latest funny musical show an extremely elaborate mounting, both in regards to scenic effects and costumes. The series of stage pictures have created favorable comment everywhere the place has been presented. That jolly comedian, Dave Lewis, always as welcome as the proverbial flowers in spring, is the principal of the cast, and associated with this brilliant talent.

**AN EXAM FOR FIREMEN AT WATERTOWN HOSPITAL**  
A practical examination for firemen will be held at the state hospital at Watertown Saturday, May 2, to provide a list of employees for that institution. Very little of the examination will be written. Most of it will be a practical test conducted by one of the best engineers in the state service. The persons filling these positions are directly in line for promotion to the position of stationary engineer and chief engineer.

Applications must be filed with the state civil service commission at Springfield before April 22, 1914.

**Public Notice.**  
William A. Eick gives notice that he will not be responsible for debts of any description contracted in his name after this date, April 11, 1914.—(Adv.)

**WHY SPRING COLDS ARE DANGEROUS**  
IF NEGLECTED THEY LEAD TO SERIOUS, PERHAPS FATAL RESULTS.

If you get a cold at this time of year and try to "let it wear off," it frequently develops into a stubborn lung trouble, which may in turn become chronic asthma, bronchitis or consumption. It is important to remember that Father John's Medicine relieves colds because of its nourishing body-building elements, which give strength to the system and enable each organ to resume its normal functions. Father John's Medicine is not a patent medicine, contains no injurious drugs, but is a pure food medicine, for those who are weak and run down.—(Adv.)

## CAPS AND GOWNS AGAIN DISCUSSED

High School Seniors Reconsider Question but Fail to Reach Agreement.

The cross country interclass run, which was to have started from the high school yesterday afternoon, was postponed owing to the inclement weather. The boys were to have run two miles through the streets of the city, starting and finishing at the high school building. The run will probably be held some time next week.

A meeting of the senior class was held last evening at the school rooms, at which time the cap and gown question for graduating exercises was again brought up. At a recent meeting the class decided against wearing caps and gowns during the exercises. Then the girls decided they would wear sailor suits, but the boys objected strenuously, and asked the class to reconsider the caps and gowns. Much discussion was given the subject, but the members could come to no definite understanding on the question. The senior class last year wore the caps and gowns for the first time in the history of the school.

## SPRING REGALIA TO BE IN SEASON

Weather Promised for Easter Sunday Fair With Gradually Rising Temperature.

Lay out your Easter finery for tomorrow.

By special dispensation of the weather bureau the sun is to shine and warm breezes are to blow. At least, the bureau has done its part. It prophesies fair skies and a gradual moderation of temperature following a frosty morning. If the schedule goes through those attending early services will need their wraps but later in the day they may blossom out in spring regalia.

Media, Pa.—A negro, arrested on suspicion of having murdered William McKinnif Wednesday night, confessed, according to the police, that he had killed the young man out of revenge because McKinnif's father when chief of police of Media had sent him to jail on a burglary charge.

## Cornwallis-West Likes Elderly Women

Lady Randolph Churchill (left), Mrs. Patrick Campbell and George Cornwallis West.

London, England, April 11.—London has not yet fairly recovered from the surprise caused by the recent marriage of Lieut. George Cornwallis West, dashing British army officer, to Mrs. Patrick Campbell, the actress. It was supposed that his troubles with his first wife, Lady Churchill, had mostly sprung from the disparity in their ages, she being 27 years his senior. The prediction had been made that when West, who looks 25 though he is 33, married again he would select a youthful partner. Mrs. Campbell is 50.

Beatrice Stella Tanner was Mrs. Campbell's maiden name. She was born Feb. 6, 1867, in Forest House, Kensington, London, and was educated in English private schools. She married Patrick Campbell in 1884. He was killed in 1900 in the Boer war. She has one son, Alan Urquhart Campbell, and one daughter, Stella.

No marriage in the high life of England caused so much comment in recent years as did that of Lieut. George Cornwallis West of the Scots Guards and Lady Randolph Churchill, which took place in St. Paul's church, London, July 8, 1900. The marriage was opposed by Lieut. West's mother and others of his family because of the great disparity in ages. Lady Randolph was 53 and Lieut. West was not quite 26. The engagement dated back a year, when they met at Cowes, a fashionable watering place. Mrs. Cornwallis-West,
